# INDEX.

**Addresses.**
President Metcalf. 160 (March).
President Sullivan. 172 (March).
Hon. W. G. Chapman. 486 (Dec.).
W. B. Moore. 488 (Dec.).
Robert E. Peary. 497 (Dec.).
Judge Cleaves. 516 (Dec.).
**American Water Works Association.** Initiation fee to be remitted. 181 (March).
**Automobile in emergency service.** 417 (Dec.).

**Barbour, Frank A.** Leakage from pipe joints. 439 (Dec.).
**Barrows, H. K.** Improvements to the water supply of the city of Fall River. 46 (March).
**Brown, A. W. F.** Meter records for small water works. 427 (Dec.).

**Chlorine.** Water sterilization at Wakefield. (E. C. Sherman.) 135 (March).
**Clapp, Sidney K.** Detail methods used in the forestation of watersheds. 64 (March).
**Clark, Harry W.** Double sand filtration of water at South Norwalk, Conn. Removal of organisms, tastes and odors. 86 (March).
**Culyer, Thurston C.** Costs and results obtained in reforestation of the Croton watershed. 69 (March).

**Decolorization of water by storage.** (R. H. Stearns.) 20 (March).
**Diven, J. M.** Reasons for using the double-disk type of valve. 106 (March).
**Dredging.** Water supply of Salem and Beverly. 42 (March).
**Dudley, Arthur W.** Experience with wood pipe in New Hampshire. 318 (Sept.).

**Fence.** Wire fences and concrete posts. New York water supply. (R. N. Wheeler.) 124 (March).
**Filtration.** Double sand filtration at South Norwalk, Conn. (H. W. Clark.) 86 (March).
**Finneran, George H.**
An emergency gang in a water service. 413 (Dec.).
Reasons for adopting the solid-wedge type of valve in the Boston Water Department. 101 (March).
**Fire protection.** Grading water works for fire protection. 513 (Dec.).

**Forests.**
Detail methods used in the forestation of watersheds. (S. K. Clapp.) 64 (March).
Costs and results obtained in reforestation of the Croton watershed. (T. C. Culyer.) 69 (March).
Hartford, Conn. 74 (March).
New Haven, Conn. 75 (March).
Nashua, N. H. 76 (March).
Wachusett Reservoir, Mass. 81 (March).

**Governmental regulation.** Control of public utility companies by public-service commissions. (Leonard Metcalf.) 160 (March).

**Hall, Harry R.** Progress of water disinfection in Maryland. (With R. B. Morse.) 301 (Sept.).
**Hydrants.** Loss of head in hydrants. 226 (June).

**Johnson, William S.** Municipal water-works financing in Massachusetts as affected by recent legislation. (With C. W. Sherman and H. A. Symonds.) 279 (June).

**Leaks.**
Leakage from lead joints in cast-iron water pipe. (A. H. Smith.) 1 (March).
Leakage from pipe joints. (F. A. Barbour.) 439 (Dec.).
Leakage through meters. (Committee.) 453 (Dec.).
**Longley, Francis L.** Water supply of Salem and Beverly. 35 (March).

**Maryland.** Progress of water disinfection. (R. B. Morse and H. R. Hall.) 301 (Sept.).
**Metcalf, Leonard.** Observations upon the control of public utility companies by public-service commissions. 160 (March).
**Meters.**
Rates. (Report of committee.) 361 (Sept.), 453 (Dec.).
Records. 427, 436 (Dec.).
Suggestion for standard specifications for meters. 430 (Dec.).
**Morse, Robert B.** Progress of water disinfection in Maryland. (With H. R. Hall.) 301 (Sept.).

**New England Water Works Association.**
Address by President Metcalf. 160 (March).
Address by President Sullivan. 172 (March).
Committee on arrangements for convention. 299 (June).
Committees appointed:
Grading water-works for fire protection. 177 (March).
On quarters. 412 (June).

Specifications for water meters. 438 (Dec.).
On nominations. 495 (Dec.).
Uniform statistics. 497 (Dec.).
Committee reports:
Dexter Brackett memorial. 492 (Dec.).
Final report on meter rates. 361 (Sept.), 453 (Dec.); report accepted. 534 (Dec.).
Grading water-works for fire protection. 513 (Dec.).
Exhibits. 528 (Dec.).
Election of officers. 170 (March).
Principal statistics. 153 (March).
Proceedings:
Annual meeting. 143 (March).
Feb. 9, 1916. 173 (March).
March 8, 1916. 289 (June).
June 21, 1916. 291 (June).
Sept. 13, 14, 15, 1916. 479 (Dec.).
Nov. 8, 1916. 531 (Dec.).
Executive Committee:
Jan. 12. 180 (March).
Feb. 9. 181 (March).
March 8. 295 (June).
March 29. 295 (June).
June 21. 296 (June).
Aug. 8. 412 (Sept.).
Sept. 13. 535 (Dec.).
Nov. 8. 537 (Dec.).
Reports of officers:
Auditing Committee. 159 (March).
Editor. 156 (March).
Executive Committee. 145 (March).
Secretary. 150 (March).
Treasurer. 152 (March).
**New Hampshire.** Experience with wood pipe. (A. W. Dudley.) 318 (Sept.).

**Peary, Robert E., U.S.N.** Address. 497 (Dec.).
**Pipe.**
Leakage from pipe joints. (F. A. Barbour.) 439 (Dec.).
Loss of head in cast-iron pipe. 214 (June).
Testing distribution mains. 218 (June).
Pipe inspection. 221 (June).
Wood pipe experiences. 318 (Sept.).
**Portrait.** Sullivan, William F. Frontispiece.

**Posts.** Concrete posts and wire fences, New York water supply. (R. N. Wheeler.) 124 (March).
**Pumps.** Tests of centrifugal pumps. 205 (June).

**Sampson, George A.** The Middleboro, Mass., reinforced concrete standpipe. 251 (June).
**Saville, Caleb Mills.** Some water-works experiences in Hartford, Conn. 195 (June).
**Sedgwick, William T.** Water supply sanitation in the nineteenth century and in the twentieth. 183 (June).
**Sherman, Charles W.**
Grouting or cushioning standpipe bases. 131 (March).
Revenue and operating expenses of municipally owned water-works in Massachusetts in 1913. 260 (June).
Municipal water-works financing in Massachusetts as affected by recent legislation. (With W. S. Johnson and H. A. Symonds.) 279 (June).
**Sherman, Edward C.** The Wakefield water sterilization plant. 135 (March).
**Smith, Arthur H.** Leakage from lead joints in cast-iron water pipe. 1 (March).
**Standpipes.**
Grouting or cushioning standpipe bases. (C. W. Sherman.) 131 (March).
Reinforced concrete standpipe at Middleboro, Mass. (G. A. Sampson.) 251 (June).
**Stearns, Ralph H.** Decolorization of water by storage. 20 (March).
**Sullivan, W. F.,** President N. E. W. W. Association. Portrait. Frontispiece.
**Symonds, Henry A.** Municipal water-works financing in Massachusetts as affected by recent legislation. (With C. W. Sherman and W. S. Johnson.) 279 (June).

**Thomas, Robert J.** Suggestion that the Association appoint a committee to prepare standard specifications for water meters. 430 (Dec.).

**Valves.**
The solid-wedge type of valve in Boston, Mass. (G. H. Finneran.) 101 (March).
The double-disk valve. (J. M. Diven.) 106 (March).
Double check valves. 239 (June).
Operation by automobile. 426 (Dec.).

**Water purification.**
Decolorization of water by storage. (Ralph H. Stearns.) 20 (March).
Double sand filtration at South Norwalk. (H. W. Clark.) 86 (March).
Water sterilization plant at Wakefield, Mass. (E. C. Sherman.) 135 (March).
Water supply sanitation. (W. T. Sedgwick.) 183 (June).
Water disinfection in Maryland. (R. B. Morse and H. R. Hall.) 301 (Sept.).

**Water rates.** Report of committee on meter rates. 361 (Sept.), 453 (Dec.).
**Water supplies.**
Salem and Beverly. (F. L. Longley.) 35 (March).
Fall River improvements. (H. K. Barrows.) 46 (March).
South Norwalk, Conn., filtration. (H. W. Clark.) 86 (March).
Wakefield, Mass., sterilization. (E. C. Sherman.) 135 (March).
Hartford, Conn., experiences. (C. M. Saville.) 195 (June).
Middleboro, Mass., standpipe. (G. A. Sampson.) 251 (June).
Brockton, Mass., auxiliary supply. (R. S. Weston.) 324 (Sept.).
**Water-works management.**
Revenue and operating expense of municipally owned water-works in Massachusetts in 1913. (C. W. Sherman.) 260 (June).
Municipal water-works financing in Massachusetts as affected by recent legislation. (C. W. Sherman, W. S. Johnson, and H. A. Symonds.) 279 (June).
Emergency gangs. (G. H. Finneran.) 413 (Dec.).
Meter records. 427, 436 (Dec.).
**Weston, Robert Spurr.** Proposed auxiliary water supply of Brockton, Mass. 324 (Sept.).
**Wheeler, Ralph N.** Wire fences and concrete posts. 124 (March).
